

U.S. Department of Energy, Clean Cities Program Purpose: The mission of Clean Cities is to advance the energy, economic, and environmental security of the United States by supporting local decisions to adopt practices that reduce the use of petroleum in the transportation sector.

AGENDA – Long Beach Clean Cities Coalition

September 24, 2009

**Long Beach City College
Advanced Transportation Technology Center**

Time: 2:00 PM – 4:00 PM

Call to order.

- 1) Introductions and Stakeholder updates.
- 2) Website update. The webpage/website is under construction. Each stakeholder needs to provide a single photo/image, entity name, contact name, phone and/or email address. This will be complete by September 30.
- 3) The Department of Energy has added a requirement to develop an Annual Operating Plan for each coalition for FY2010. This is in development and will be done by September 30.
- 4) The DOE grant submitted under the ARRA, U.S. Department of Energy, Area of Interest 4 was not successful. This was a combined effort with SCAQMD and the California State University Long Beach Report.
- 5) The City and Coalition were able to supply a support letter for a grant that the Long Beach City College and the Pacific Gateway Work Force Investment are submitting to the State. Cal Macy or other representative will speak on this.
- 6) Next year's quarterly meetings to align with new Department of Energy cycle. All meeting times are set for 2:00 PM – 4:00 PM at various stakeholder sites.

October 29, 2009

January 28, 2010

April 29, 2010

July 29, 2010

7) Stakeholder needs, outreach ideas for next year?

8) Other items.

Adjournment.
